

BACKBOARDS & BACKBOARD PADDING

All rectangular glass backboards below meet all NCAA and National High School Federation regulations and may be used with any backstop support structure.

MODEL BA42XL UNBREAKABLE RECTANGULAR GLASS 42" X 72"

Unbreakable "XL" glass backboards have built-in support structure to absorb over 98% of the stress from goal contact without transferring it to the glass. The goal is mounted "off glass" so even excessive hanging and abuse will not cause stress. Every "XL" unbreakable backboard features a polished aluminum extrusion framework, glass cushioning gasket, high strength steel support structure, 1/2" tempered glass with fire impregnated bright white border and shooter's square and unconditional lifetime warranty and are pre-drilled for quick installation of our original DuraSkin backboard padding.

MODEL BA48XL UNBREAKABLE RECTANGULAR GLASS 48" X 72" (NOT SHOWN) Same as BA42XL above except 48" tall.

MODEL BA48 STANDARD RECTANGULAR GLASS 48" X 72"

This traditional size board is a common fixture in gyms across the US and meets all appropriate rules for competition play. Features a 5" x 5" goal mounting pattern to replace virtually any manufacturer's original tall glass backboard and comes pre-drilled for DuraSkin padding.

MODEL BA44XL STANDARD FAN GLASS 39" X 54" (NOT SHOWN)

MODEL BA455 RECTANGULAR FIBERGLASS 42" X 72"

Heavy-duty, hand-laid fiberglass front and back panels are permanently bonded around a fiber laminate core for 15/16" thickness. High gloss bright white gel-coat finish with permanent molded-in orange shooter's square and border. Threaded steel inserts are molded into the back of the board to provide a means of mounting to fan or rectangular wall structures or pole system braces. Board carries a 10-year limited warranty.

MODEL BA465 FAN FIBERGLASS BACKBOARD 39" X 54"

Same construction as BA455 except fan-shaped.

MODEL BA68U DURASKIN® BACKBOARD SAFETY PADDING

The first, the best and now available with improved pin-style center pad connector, a slimmer cross section for reduced rebound interference, and 10-year replacement warranty. DuraSkin meets or exceeds all NCAA, FIBA and National High School Federation requirements. Fits every manufacturer's official 72" wide rectangular glass backboards and boards on this page come pre-drilled for five-minute installation with only a screwdriver (mounting hardware included). Far superior to glue-on, vinyl dipped or other safety padding systems and available in 16 popular colors: Black, Kelly Green, Scarlet, Royal, Orange, Forest Green, Columbia Blue, Maroon, Gold, Gray, Purple, Navy, Vegas Gold, Cardinal, Brown, and Burnt Orange. Order BA68F for fan-shaped backboards.
